Spring Conference

Fundamentals B

March 28th-29th, 2025

The fundamentals course equips you with the basic tools of discipleship. In addition to your own growth, you will gain the knowledge necessary to come alongside people who are struggling with the challenges of life, with the confidence of the sufficiency of the Word of God. Fundamentals B will continue to equip you to help people with common issues that people struggle with including mental illness, depression, pornography, marriage, and parenting.

You do not have to take Fundamentals A before B, they are just two parts of the total training. Together with Fundamentals A (total of 30 hours) this training will satisfy the Phase 1 training requirements for ACBC certification if you decide to pursue it. If you are interested in finding out more about their certification, you can find it at biblicalcounseling.com/training/

Advanced Track - Relationships

March 29th, 2025

The interactive teaching and specific case studies will have lots of opportunity for give and take discussion as we work through these common counseling issues. This one-day training is approved for seven CEU's for ACBC members. Much of our counseling is centered around relationships and since God is a relational God we need to learn and help each other to do relationships well.
